Education

- **Ph.D. in Machine Reasoning**, 2021–Present
Örebro University & WASP, Sweden
Research Topic: Learning and Reasoning for Decision Making
Supervisor: Luc De Raedt
- **M.Tech in Artificial Intelligence**, 2017–2019
Indian Institute of Science, Bangalore, India
Grade: 8.10/10
Research Topic: Active Learning in Sequence Tagging
Supervisor: Ambedkar Dukkipati
- **B.Tech in Electrical Engineering**, 2013–2017
Birsa Institute of Technology, India
Grade: 8.03/10
Supervisor: Pankaj Kumar Rai

Research & Professional Experience

- **Research Science Intern**, July 2022 – December 2022
Meta Reality Labs Research, Redmond, USA
Topic: Vision and Language-based Task Tracking
- **Data Scientist**, April 2020 – September 2020
Amazon Alexa-AI, Bangalore, India
Topic: NLU Metrics in Alexa
- **Research Associate**, June 2019 – March 2020
Statistics and Machine Learning Group, Indian Institute of Science, Bangalore
Topic: Multi-Agent Reinforcement Learning

Publications

1. **SayCanPay: Heuristic Planning with Large Language Models using Learnable Domain Knowledge**,
R Hazra, P Zuidberg Dos Martires, L De Raedt
Association for the Advancement of Artificial Intelligence (AAAI 2024) [website][pdf][code]
2. **EgoTV: Egocentric Task Verification from Natural Language Task Descriptions**,
R Hazra, B Chen, A Rai, N Kamra, R Desai
International Conference on Computer Vision (ICCV 2023) [website][pdf][code]
3. **Deep Explainable Relational Reinforcement Learning: A Neuro-Symbolic Approach**,
R Hazra, L De Raedt
European Conference on Machine Learning and Principles and Practice of Knowledge Discovery in Databases (ECML PKDD 2023) [pdf]
4. **Active² Learning: Actively reducing redundancies in Active Learning methods for Sequence Tagging and Machine Translation**,
R Hazra, P Dutta, S Gupta, MA Qaathir, and A Dukkipati
Conference of the North American Chapter of the Association for Computational Linguistics: Human Language Technologies (NAACL-HLT 2021) [pdf][code][video][poster]
5. **Networked Multi-Agent Reinforcement Learning with Emergent Communication**
S Gupta*, R Hazra*, and A Dukkipati (* Equal Contribution)
International Conference on Autonomous Agents and Multi-Agent Systems (AAMAS 2020) [pdf][video]
6. **Infinite use of finite means: Zero-Shot Generalization using Compositional Emergent Protocols**

R Hazra*, S Dixit*, and S Sen (* Equal Contribution)

Visually Grounded Interaction and Language Workshop (NAACL-HLT 2021) [[pdf](#)] [[demos](#)] [[poster](#)]

7. **gComm: An environment for investigating generalization in Grounded Language Acquisition**

R Hazra and S Dixit,

Visually Grounded Interaction and Language Workshop (NAACL-HLT 2021) [[pdf](#)] [[code](#)] [[poster](#)]

Skills

Python, PyTorch, MATLAB, C++

Achievements

Guinness World Record	Most users to complete a remote 10 km in 24 hours [record][certificate]
Kaggle	2 nd Rank in secondary track of (PASSNYC)
GATE 2017	All India Rank 133 (top 0.001%)
B.Tech	Best Outgoing Project Award jointly from BIT Sindri & IIT (ISM) Dhanbad
B.Tech	Best Academics Award for excellent academic performance
High School	Principal's Award for all round academic performance

Courses/Workshops

Basic	Machine Learning, Game Theory, Practical Data Science
Advanced	Natural Language Understanding, Reinforcement Learning, Graphical Models & Bayesian Learning
Undergrad	Signal Processing, Control Systems, Digital Electronics, Network Theory
Workshops	Workshop on Neural Systems (Pratiksha Trust, IISc), Robovision (Robotics and Computer Applications Institute, USA)

Community Service

- NeurIPS 2022-23, EACL 2023, ICML 2023, ICLR 2024: Reviewer
- AAMAS 2022: Program Committee member and Session Chair
- PRAYAAS India (NGO providing free and high quality education to underprivileged children living in slums and villages): Active member of PRAYAAS India (from 2013-2016), where I taught mathematics to middle school children.
- Tarumitra (Friend of Trees) Club: Student President of Tarumitra for three consecutive years (2011-2013), during which, I led numerous plantation drives and awareness programs.
